Incheon (Songdo International City) offers superb accessibility and one-stop MICE services. With a population of 2.8 million, Incheon Metropolitan City is the third largest city in Korea. The city boasts superb accessibility, connecting 61 cities with a population of a million or more within 3 hours of flight. Designated the first Free Economic Zone in Korea, Incheon is a global city where global businesses communicate and make exchanges in an environment harmoniously blending residences, industries, and green space.

Incheon has grown to be a Green MICE City where visitors have access to convenient, state-of-the-art MICE infrastructure including the Incheon International Airport, which ranked top in the world in airport services, green convention center Songdo Convensia, the nation’s first to receive Leadership in Energy & Environmental Design (LEED) certification, and Incheon Bridge, the fifth longest suspension bridge in the world that connects the airport with the convention center in just 20 minutes.

Incheon is also home to the world’s fifth largest wetland and an abundance of ecological resources, prehistoric dolmens, and various historical and cultural tourist resources from the modernization period, which all combine to offer a blend of the past, present, and future.

The Incheon Convention Bureau is the one-stop service channel for attracting and successfully organizing MICE events for MICE organizers. The organic collaboration among the Incheon Metropolitan City Government, the Incheon Convention Bureau, and Incheon MICE Alliance allows all MICE participants optimum services for a convenient and pleasant occasion. The Incheon Convention Bureau is striving to make Incheon not just the gateway to Korea, but also the hub city in Northeast Asia, as well as an international business city, and a world-class MICE leader.
